Haunted Fortress Summary

Lauren said the Fortress went well. Approximately 2000 people went through the Fortress and brought in about \$26,000. Teddy said the Fortress is winterized and they will have their next meeting in December. They will go over what went well and what didn't. Lauren and Sara mentioned that line management would be ideal to iron out and getting internet access at the ticket booth. Teddy said they would like a washer and dryer, but getting water could be tricky, however, it was there before so it could be done.

Holiday activity for December

Tree lighting is part of the Parade of Lights and will have Santa and activities at the Firehouse so the Rec will not be doing that for their holiday event. Lauren would like to do a craft and cocoa night at Town Hall. The tentative date is Dec 15, 6-8 pm.

Pickleball indoors

The women running the league now have Cold Spring reserved for Tuesdays 6:30-8:30 pm starting next week. They had mentioned that signing up in advance would be appreciated.

Cold Spring Open Rec

Lauren and Sara presented "Freeplay Friday" which would run January through March every other Friday. Ideally they would have themed nights after the first 2 weeks go based on age group. Pre-registration will be done for each session and the age group is grades K-5. Different themes included soccer, basketball, floor hockey, fitness/yoga.

The Commission informally had a discussion on potential activities for adults.
